

Gardening Volunteers for Folly Farm Centre

Volunteers are needed to assist with the maintenance of the wonderful farm gardens surrounding the buildings. From open areas used by school groups, to areas which have become a little wild, orchards and ponds, there are a whole wealth of habitats at the Farm.

We would love help with planting ideas and garden designs.

If you are enthusiastic and have a few hours or a day or two a week to spare, and would enjoy helping us in the gardens, we'd love you to volunteer with us.
