

COMMUNICATE+

Following a few short talks at Communicate+ there will be a workshop where we will imagine what the future might be like when we positively turn things around.

Workshop: Postcards from the Future

2020 has been a difficult year, unlike any other and the hardships continue into 2021. Climate change, bushfires, biodiversity loss, elections, protests and pandemics. With all this in the news it is easy to feel panicked or overwhelmed. We rarely stop to think about the future in a positive way and what the world might be like if we were to fix some of these big problems. Imagine you're sending a postcard back from the future to the year 2020. What will it be like? Design your own postcard from the future!
